

We are so excited for our newest arrival and we know you are too.

Thank you for your support!

For now, we're keeping visits to a minimum as we settle into our new routine and focus on bonding as a family. Your understanding means so much to us!

If you are dropping off food please send a text to _____ and leave the food at the door.

We really appreciate you bringing us food and we'll be sure to grab it as soon as we can!

Thanks again for all your love and support, we cannot wait for you to meet our little one.

With love,

We are so excited for our newest arrival and we know you are too.

Thank you for your support!

For now, we're keeping visits short as we settle into our new routine and focus on bonding as a family. Your understanding means so much to us!

When you come in please wash your hands, we want to protect baby's undeveloped immune system. While you are visiting, we would really appreciate if you could help with one of the household chores, like washing dishes or sweeping the floor, so that mama can focus on recovering and baby.

Thanks again for all your love and support.
